Shake Well Before Use

NET CONTENTS: 1 QUART (946 ml)

SUPPLEMENTS

Prevent specific water problems with REGAL® supplements. The perfect complement to your pool care regimen, REGAL® offers a variety of cleaners, clarifiers and stain removers.

REGAL® Scale Away is designed specifically to solve one of the worst swimming pool area maintenance problems. This product is effective at removing approximately 2-4 mils of scale per application. On the initial application it may be most effective to remove thick buildup using a commercial paint scraper on hard, solid surfaces.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical attention.

IF ON SKIN: Take off immediately all contaminated clothing. Rinse skin with water/shower. Get immediate medical attention. Wash contaminated clothing before reuse.

IF INGESTED: Treat symptomatically.

IF INHALED: Rinse mouth. Do NOT induce vomiting. Get immediate medical attention.

DIRECTIONS FOR USE

Application: Apply spray to *dry* tile, glass block, vinyl or stucco using the trigger spray bottle. Use full strength, adjust the spray nozzle to stream (do not mist or aerosolize). Spray directly onto the scale and watch this amazing product go to work immediately dissolving the scale. Spray and brush, repeat until scale is gone, then rinse.

Subsequent Applications: At the first sign of re-appearance of white scale or efflorescence, re-apply spray for easy removal and maintenance.

NOTE: The first time you use **REGAL® Scale Away**, apply to a small test spot in an inconspicuous area to ensure no adverse effects occur to the surface being cleaned. Do not use on aluminum, marble or specialty glass pool tile.
